Subject: Re: regarding net speed

To:

Dear Sir,

It was great pleasure to view webcasting through VSAT and ERNET. The speed was excellent and the picture quality and video was such a good quality that we could not recognize that whether it was webcasting or recorded CD being played from our own system.

I extend my heartfelt thanks to all the Team of KVKhub at New Delhi..

Please continue to provide us this speed in future also, so that we will be able to see the regular webcast from KVKhub as well as from other sources .

Regards,

Yours Sincerely,

Dr.P.P.Shelke, PC KVK Hingoli
